

# WE ARE HIRING

POLYPIPE BUILDING SERVICES,  
NEW HYTHE BUSINESS PARK  
AYLESFORD, ME20 7PJ

## EXTRUSION VACANCY

We currently have a vacancy for a Trainee Production Technician to join our Extrusion Department at our Aylesford site.

### Hours of work:

The position is 3 rotating shifts (6 am – 2 pm, 10 pm – 6 am and 2 pm – 10pm)  
40 hrs per week - Monday - Friday

The role offers a training opportunity to become a Production Technician/Setter within the Extrusion Department, where the successful applicant will learn tool changing, machine condition setting, process start-up, first-off approval, and problem solving/process optimisation.

The role will also regularly support the team by undertaking duties such as packing, quality inspection, testing and processing support.

### To be successful you will have:

- Experience of working in a hands-on and fast paced manufacturing department and a willingness to undertake all production operating duties
- Ability to work under own initiative and have an aptitude for problem solving
- A demonstrable pro-active and positive approach to learning and development, showing willingness and flexibility
- Be self-motivated, committed and reliable with an excellent timekeeping/attendance record

### Key Accountabilities:

The Production Technician – Extrusion will be responsible for the manufacture of extruded products, completing product/tooling changeovers, undertaking process start-ups and shut downs, and problem solving/process optimisation. The role will also regularly support the team by undertaking duties such as packing, quality inspection, testing and processing support.

### APPLY NOW!

If you think you are the perfect fit for the role, please send your CV to :
