## Assembly Production Manager

We have an exciting opportunity for an Assembly Production Manager to join the team at our Neale Road site and support the senior management team in the execution of the operational activities with the department.

Experience of supervising, managing, and motivating a team ideally within a fast-paced production environment. Another key area of focus is employee engagement therefore a collaborative approach to leadership is essential.

### **As Assembly Production Manager, you will be responsible for;**

- Ensure production activities are in line with short to medium term targets enabling to improve and develop the function and achieve health & safety, quality, efficiency, and training.
- Identify constraints and generate plans to remove issues preventing the delivery of service.
- Deliver job skills training, support the department to create a skilled workforce and carry out performance reviews.
- Manage shift activities and achieve department goals through focussing on continuous improvement and promoting a team-based culture.
- Ensure production outputs are met on time and in full.
- Maintain and enhance product quality and process compliance.

### **To be successful in this role you will:**

- A proven track record within manufacturing management.
- An appreciation of the Automated Assembly Process desirable but not essential
- Ability to apply 5's techniques.
- ILM Level 3 certification or equivalent time served experience.
- Coach people at various levels and positively engage and empower.
- A highly collaborative style and able to thrive in a team environment.
- Strong people management / leadership. communication and problem-solving skills.

This role is site based, Monday to Friday, 8:00am – 4:30pm.

### **Join us:**

Are you seeking an opportunity to make a real difference in a company with a global reach and exciting growth plans?. Come and join us and grow with a team of people who will challenge and inspire you! We offer flexibility plus a competitive salary and benefits package.
