

# Vacancy

## Production Technician – Extrusion

We currently have a vacancy for a Production Technician to join our Extrusion Department at our Aylesford site.

The Production Technician – Extrusion will be responsible for the manufacture of extruded products, completing product/tooling changeovers, undertaking process start-ups and shut downs, and problem solving/process optimisation. The role will also regularly support the team by undertaking duties such as packing, quality inspection, testing and processing support.

### The successful applicants will require:

- Experience of working as an Extrusion Technician including experience of tool changing and machine condition setting
- A willingness to undertake all production operating duties
- Ability to work under own initiative and have an aptitude for problem solving
- A demonstrable pro-active and positive approach to learning and development, showing willingness and flexibility
- Be self-motivated, committed and reliable with an excellent timekeeping/attendance record

The position is 3 rotating shifts (6 am – 2 pm, 10 pm – 6 am and 2 pm – 10pm)  
40 hrs per week - Monday - Friday

To apply for this position, please send your application by email, with a current CV, to Carl Pollard, Production Manager on: [carl.pollard@polypipe.com](mailto:carl.pollard@polypipe.com)
