Welcome to...

Oracstar

a  Polypipe brand

Welcome to the latest publication from Oracstar, the pre-packed plumbing specialists. Established for over 30 years, we have collected our teams experience and knowledge of the plumbing market to produce what we feel is our most customer focused catalogue to date.

Alongside our “plumbing essentials” range you will find several exciting new additions to our product catalogue including a hardware section, moisture controls, central heating programmers an extension of our Polypipe range and many other leading brands.

While our catalogue and team grows, the Oracstar aim will always remain the same, to provide quality products, high standards and excellent service at all times.

We thank you for your continued support,

Oracstar

The Oracstar team

Statement of intent...

- Brand Merchandising has never been as important! A bold statement, but with competition from all sectors, it has never been so essential to “stand out from the crowd”.
- At Oracstar we believe in our products and feel passionately that our customers deserve the best, which is why we have continually developed both our product ranges and our communication methods.
- In-branch merchandising has a positive influence on sales.
- We know customers are becoming more and more technologically aware and want clear and informative communication allowing them to make the right choice.
- Investing in our ‘in branch point of sale’ will deliver that experience, allowing fast, easy recognition and a consistent brand image.
- By adopting a simple but effective way of merchandising we can ensure our products are there when your customers need them.
- The core recommended ranges are proven best sellers and ensure our offering is “fit for purpose” and will give you the best return on space.
- For flexibility and to sustain local demands additions can be added on a locally approved basis.

Our Story...

Part of Robimatic Ltd, Oracstar have been established for over 35 years and are a subsidiary of Polypipe plc, a major UK manufacturer of pipes and sanitary systems.

1979

Oracstar founded & introduced our 1st Catalogue of 28 products

1982

1st distributor to include instructions on pre pack and continue to this day.

 **Polypipe**

2000

Acquired by Polypipe Ltd who took the opportunity to introduce their products into -new markets serviced by Oracstar

1999

Robimatic

Following 12 year of continuous growth Robimatic acquires Oracstar and the UK's 2 largest pre-pack distributors became one

2008

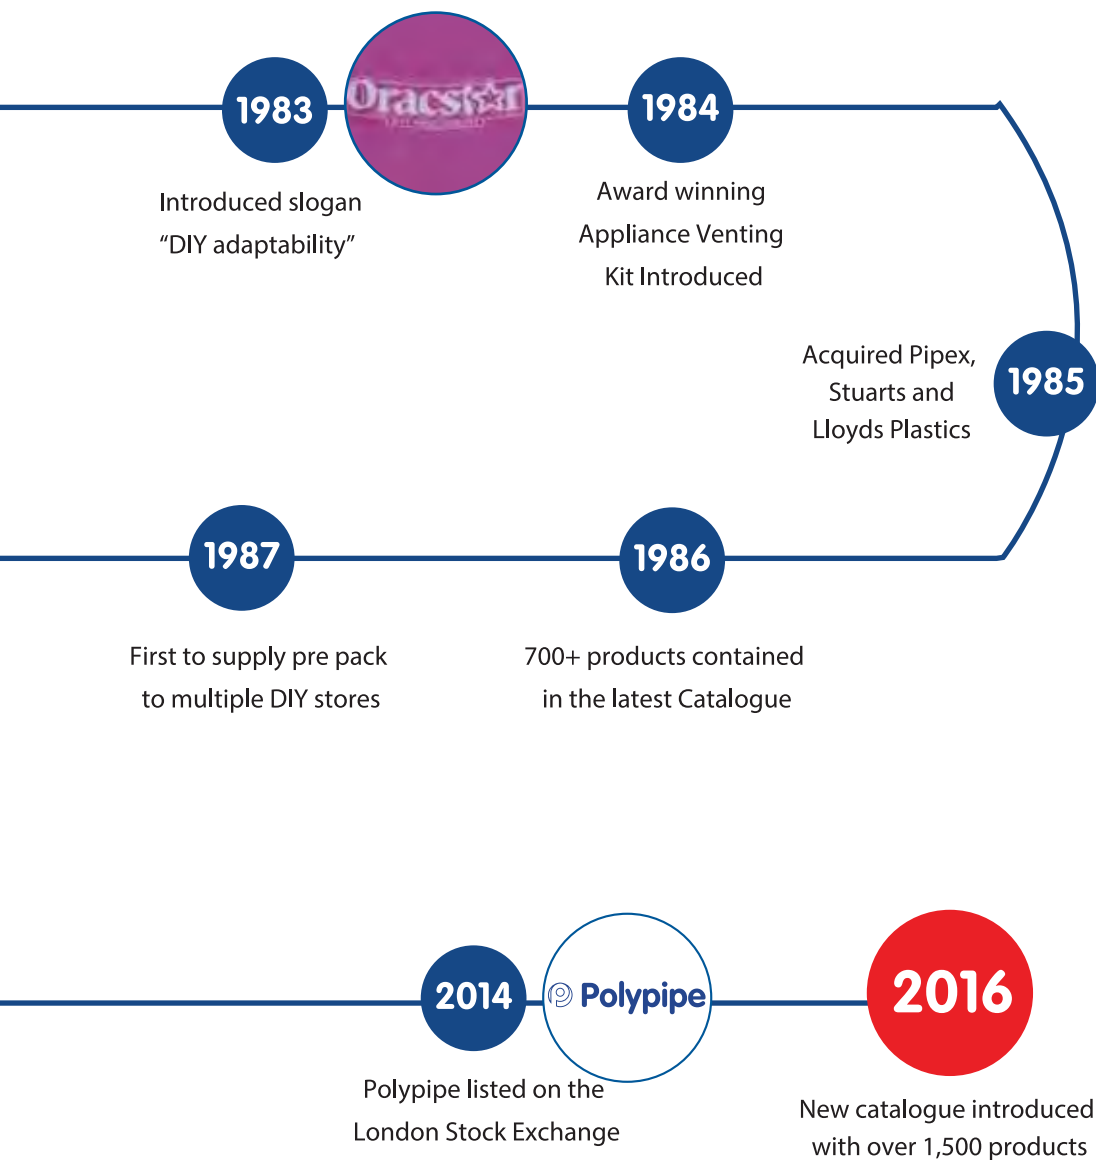

Oracstar re-located to the Robimatic NDC 12 Acre Distribution site with 120,000 sq ft of warehouse space in Doncaster

2012

EcoStar
Water Saving Technology

Gold award winning Eco Star introduced (find EcoStar on pages 92-94)

About Oracstar...

Oracstar a Polypipe brand

Oracstar is proud to be a Polypipe brand, we are the UK's premier supplier of pre-packed plumbing through the "Plumbing Essentials" range.

Leading Brands

As well as our own Polypipe branded products which include Domus Ventilation, Polyfit, Polyplumb, Polymax and Surestop we are also the UK distributor for industry leading brands that compliment the Oracstar "Plumbing Essentials" range. These include Arctic Products, Cramer, Boss, Purimachos, Scotch, OneShot and Honeywell.

Support

Oracstar offers national sales coverage through its nationwide sales representatives. Our internal customer service team offers product and technical support 5 days a week.

Service

Oracstar customers can receive next day delivery from our national distribution centre in Doncaster. With a 98% minimum OTIF, 4,000+ SKUs.

Pre-packed Specialists

Oracstar have led the field as the pre-packing experts for over 30 years. We have the design skills and capabilities to create bespoke packaging that matches the needs of both products and the customer. We consider all factors including style, size, space and colour which has demonstrated that Oracstar is the market leader.

Oracstar Merchandising

There is a difference between paying lip service and bringing a category to life. Our national merchandising team will create or re-invent a jointly owned programme with a focus on strategy and growth in attempting to create an offer that is unique and will really stand out from the other providers.

Fix it with Oracstar...

Don't live with it fix it. This catalogue includes all the Plumbing essentials to ensure you can fit, improve, repair and have the tools for your plumbing job.

Fit it ...

Whether installing or connecting, the essential parts for your plumbing job can be found in this catalogue.

Improve it ...

Transform the look of your basin, radiators and more by simply radiator pipes replacing taps or covering.

Repair it ...

Don't live with it ... fix it. Our "Plumbing Essentials" range includes the repair parts to fix common household problems, such as dripping taps, leaking pipes and blocked drains.

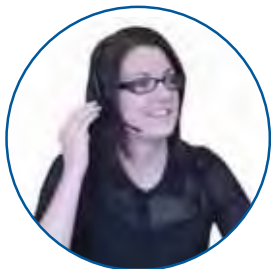

Tools ...

Find the tools required for the job, from radiator keys to PTFE tape, we have all the essentials to complete the task.

What makes Oracstar stand out...

At Oracstar, we globally source, package and distribute the UK's widest range of pre packed or bulk packed plumbing and associated products to the Merchant, Trade and Independent Retail markets.

Placing your order

You can choose from over **4,000 products** in our “**Plumbing Essentials**” catalogue. Our helpful sales team are available 5 days a week to assist with any queries you might have.

We process your order

From the moment we take your call, open your email or collect your fax, Oracstar's **70+ On-site staff** will ensure your order is picked, packed and processed to a high standard. With an **OTIF service of 98.7%** we give quality support to our customers which is measured weekly.

Where is your order

Your order will be processed in our Doncaster based **12 acre distribution site** with **120,000 sq ft** of warehouse space.

When you receive your order

Our service doesn't stop here. When you receive your order our full time **national sales and merchandising team** are available to discuss positioning of display stands and stock in order to maximise your sales. Contact details for your local sales representative or merchandiser are available on page 15.

Oracstar is proud to be a Polypipe brand, we are the UK's premier supplier of pre-packed plumbing through the "Plumbing Essentials" range.

- The Polypipe group is the UK's largest plastic piping systems manufacturer – delivering over 20,000 product lines across installers, contractors, stockists and specifiers.
- Our innovative 100 product systems enable the movement of water, air, power, chemicals and telecoms throughout the built environment.
- We operate through sector-focused businesses so our sales and technical teams are equipped to meet specific needs of every project.
- Continued investment in our Water Management and Carbon Efficient solutions ensures our systems meet all legislative requirements.
- Early involvement and close working relationships deliver the most appropriate and cost-effective solutions from design through to installation.

Becoming an Oracstar customer...

Providing you with the pre-packed plumbing essentials in 4 simple steps

Step 1

Audit

Upon agreement we will fully review your requirements on site, specifically product profile, product positioning and equipment required

Step 2

Product Profile

Following the audit we will propose the most suitable product profile for your business to encourage growth

Step 3

1st Order

If agreed prior to delivery of your first order we will arrange for your existing stock to be uplifted through our national merchandising team who will handle the process for you.

Step 4

Merchandising

A member of our national merchandising team will set and lay up the equipment and products to ensure you get the most effective visual display with ongoing support

Support...

Oracstar offers national sales coverage through its nationwide sales representatives. Our internal customer service team offers product and technical support 5 days a week.

MALE STRAIGHT COUPLER - CHROME

Code	Size	Pack Qty	Outer
PFC11	15mm x 1/2" M	1	5
PFTC11	15mm x 1/2" M	5	1

TOP TIP...

If your pipework is visible, try using chrome plated compression fittings in conjunction with chrome or stainless steel piping.

The benefits of this are:

- Aesthetically pleasing
- Easy to fit
- Minimal tools required

SOLDER RING

Why use solder ring fittings...

Solder ring fittings are popular with tradesmen. Solder is built into these fittings so they can easily be fitted with the use of a blowtorch. Where fittings are visible, solder is more attractive and slimline than compression.

STRAIGHT COUPLER

Code	Size	Pack Qty	Outer

PIPE

Choosing pipe...

Pipes are available in either copper or stainless steel and come in packs of 10.

COPPER PIPE

Code	Size	Pack Qty	Outer
PF991	15mm x 1M	1	10
PF99	15mm x 2M	1	10
PF102	22mm x 2M	1	10

STAINLESS STEEL TUBE

Code	Size	Pack Qty	Outer
PFC101	15mm x 2M	1	10

DID YOU KNOW...

Plastic systems offer greater flexibility and choice, both in pipe and fittings, and provide high standards of performance alongside great value.

We offer a range of plastic pushfit fittings and pipe including Polyplumb, Polyfit and Polymax.

These can be found on page 158, 164 & 174.

VALVES

Why use valves...

Fit an isolator valve on a supply pipe, this is the traditional way to control the flow of water for future repair and replacements.

Oracstar a  Polypipe brand

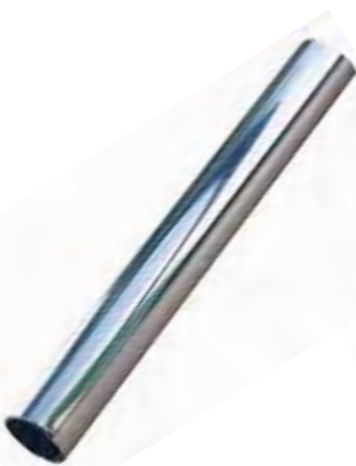

PIPE COVERS

Why use pipe covers?

They quickly and easily cover unsightly pipes in a chrome or white finish. They can be cut to the required length and fit around a pipe in minutes to improve the look. Use this easy solution on any visible pipes.

PIPE COVERS - CHROME

COVERS & COLLARS PACK - WHITE

Code	Size	Pack Qty	Outer
PPS444K	15mm	2	5

TOP TIP...

A pipe covers and collars pack is suitable to complete 1 radiator.

PIPE TRUNKING

Why use trunking?

This Slimtrim pipe trunking is designed to cover and hide long lengths of pipe. They are easy to install, just simply screw the provided clips to the wall and snap on the cover.

PIPE TRUNKING - 2.5 METRE

- Easy to install
- Durable PVC construction
- Horizontal, vertical or skirting installations
- Can be used on hot or cold single or double pipes
- Cover up to 2.5m of pipe
- Pipe clips and fixing screws included

Code	Size	Pack Qty	Outer
TR01	15mm x 2.5M	1	10
TR02	22mm x 2.5M	1	10

TOP TIP...

You can paint, paper or tile this trunking to suit.

PIPE CLIPS

Choosing a pipe clip...

Choosing a pipe clip is easy. Pipe clips provide a strong and reliable fixing point for pipes and reduce movement and noise caused by water pressure. For a more secure fit use a hinged pipe clip that clips together or a nail in pipe clip that is ideal for all types of masonry.

PIPE CLIPS - WHITE

MICRO 6MM	6mm	1	5

AUTOVENT MICRO FOR BARLO / QUINN RADIATORS - CHROME

NEVER BLEED			
Code	Size	Pack Qty	Outer
MICRO BARLO	6mm	1	5

DID YOU KNOW...

In order to fit narrower tappings, the operating mechanism of the Micro range is contained in a canister that fits outside body of the radiator. Most radiators using such small tappings locate the tapping at the back of the radiator.

ALADDIN EASYFIT ISOLATOR VALVES

Aladdin EasyFit Isolator Valves

The quick-fit WRAS approved plumbing isolator valve clamps around and installs into 15mm copper or plastic pressurised pipe (hot or cold), providing a large bore, permanent stopcock in the system.

Starter pack contains both the valve and tool kit

ALADDIN EASYFIT ISOLATOR VALVES

- Ideal when the mains stopcock is seized or inaccessible.
- Isolates mains water feed to individual homes in multi-occupancy buildings.
- As an emergency shut-off for leaking pipework.

INCOLOY WITH INCOLOY THERMOSTAT POCKET -

For medium to hard water areas.

TITANIUM - For very aggressive water areas.

PIPE INSULATION

Why insulate Pipes?

Insulating your hot water pipes reduces heat loss. You also won't have to wait as long for hot water when you turn on a tap or showerhead, which helps conserve water. Use on a cold water pipe to prevent burst pipes in the winter.

*Cutting heat
loss by over
75%
Save energy
and cut costs.*

PIPE INSULATION

- For domestic plumbing and heating of hot and cold water pipes.
- Heavy duty protection against freezing and heat loss.
- Flexible insulation for hot and cold pipes
- Recommended by water boards under bylaw 49 as the most effective way to prevent freezing when heating is switched off overnight in winter

Code	Size	Pack Qty	Outer
INSUL3	15mm x 9mm x 1mtr	3	5

INVISIBLE SHIELD

Why use invisible shield?

Invisible shield provides protection for up to 6 months so that dirt, grime and minerals won't stick to glass, ceramic or porcelain surfaces. The kit contains 1 x Lime Scale & Stain Remover, 1 x Protective Coating, 1 x Glass & Surface Cleaner, 1 x Cleaning Sponge with Teflon Scrubber, 1 x Applicator, 1 x Cleaning Microfiber and 1 x Polishing Microfiber.

INVISIBLE SHIELD

- Keeps Surfaces Sparkling
- Saves Work, Less Scrubbing
- Protects Against Re-Soiling
- Prevents Build-Up for Easy Cleaning
- Clean Without Harsh Chemicals
- Protects 150sq ft of glass, ceramic & porcelain surfaces

CLEAN-X

Code	Size	Pack Qty	Outer
INVKIT	N/A	1	1

DID YOU KNOW

UNTREATED SURFACE Water, soil and stains film, stick and build-up on an untreated surface for difficult removal using harsh chemicals and abrasives.

TREATED SURFACE Invisible Shield durably seals the microscopic pores of the surface to actively repel water, soil & stains for easy removal.

INVISIBLE GLASS

About invisible glass

Invisible Glass Premium Glass Cleaner cleans windows, mirrors, shower screens, windscreens and glass oven doors quickly and easily. Unlike many other glass cleaners Invisible Glass leaves NO streaks, NO haze and NO residue. We are so confident that you'll be satisfied with the performance of Invisible Glass that we offer a money-back GUARANTEE.

INVISIBLE GLASS PREMIUM GLASS CLEANER

- Invisible Glass contains NO soaps, foams, scents, or dyes.
- It evaporates quickly and completely, leaving glass clean and clear.
- Invisible Glass has a unique ClearDry™ formula that's stronger than ordinary glass cleaners.
- This unique blend of cleaning agents dries quickly, works faster and leaves no streaks.

Code	Size	Pack Qty	Outer
INVIS-S	643ml	1	1

DID YOU KNOW...

The 22oz trigger pump bottle has a heavier, more directed spray when you need extra product for a tough job, or on a particularly hot or windy day.

INVISIBLE GLASS

Cleans glass so well, you'll think it's invisible!

This aerosol version of Invisible Glass is just as powerful as the trigger spray. Invisible Glass improves visibility for professional drivers, racers, and motoring enthusiasts.

INVISIBLE GLASS PREMIUM GLASS CLEANER - AEROSOL

- Invisible Glass easily removes oily dirt and grease.
- Fingerprints, smears and pet slobber are quickly cleaned from glass doors and windows.
- When used in the bathroom or on shower screens, Invisible Glass effortlessly removes sap, bugs and extra tough grime.

Code	Size	Pack Qty	Outer
INVIS-A	643ml	1	1

TOP TIP...

We are so confident that you'll be satisfied with the performance of Invisible Glass that we offer a money-back GUARANTEE.

A worn or damaged seal on your metal plug could result in water leakage, quickly replace the o-ring. These can be found on page 115.

Fax: 01302 348835

@ Email: oracstar.edi@polypipe.com

STRAINERS & STOPPERS

Why use a strainer?

Strainers sit in the plug hole and prevent debris going down the waste pipe. Using a strainer is a cost effective way of helping to prevent your drains from blocking.

STRAINER - CHROME EFFECT

DID YOU KNOW...

For slow drains & drain odour elimination:

SLOW DRAIN BUILD-UP REMOVER is the environmental solution to drain maintenance. Supercharged enzyme/bacteria formula dissolves organic matter, clears slow drains, and eliminates odors. Not for use on a fully clogged drain.

WASTE DISPOSER & DRAIN CLEANER controls rubbish and drain odours. Beneficial enzyme formula digests and breaks up drain clogging material, eliminates the source of odours and clears slow drains. Available in a lemon or orange scent.

TOP TIP...

All products are safe for all pipes and septic systems when used as directed.

CRACK-IT SPRAY

Code	Size	Pack Qty	Outer
CI/400	400ml	1	1

DID YOU KNOW...

Made with Arctic Spray Technology, Crack-It Spray releases seized and corroded parts through shock freezing. The freeze action breaks the corrosion seal and allows the penetrant to reach the corroded area, releasing the sized items in 1-2 minutes. Crack-It also helps to prevent future corrosion. Crack-It is completely biodegradable.

ACCESS PANELS

Easy Access

The Arctic Access Panel range offers a simple, low cost, high quality solution. They provide protection to openings in ceilings and walls whilst still allowing access to service valves.

The injected molded slim profile produces a lightweight solution, enabling an easy fit installation into all types of wall or ceiling construction.

ACCESS PANELS

- UV Stable
- Held closed by a snap friction catch
- Can be fastened easily into position with a suitable adhesive
- Can be painted to match surface
- Sizes 100mm- 300mm available

Oracstar a  Polypipe brand

Welcome to Polypipe...

At Polypipe, conceiving, designing, manufacturing and delivering the most advanced products and systems isn't merely an occupation. It's a passion. One that's based around a few simple beliefs. Expertise isn't an option. Quality always beats quantity. Products are nothing without service and support. Sustainability isn't just a 'green' word. And working with our customers is much better than simply supplying them.

About Polypipe...

We design, develop and manufacture the most comprehensive range of plastic piping products in the UK, with over 20,000 products available. Our primary focus is on developing and supporting pragmatic product systems through specific knowledge and understanding of the residential, commercial, civils and infrastructure market sectors. We ensure that customers can trust our significant sales and technical expertise to provide value engineered, fit for purpose piping solutions for the growing diversity and complexity of construction and building technology challenges they face.

Brand Values...

Polypipe seeks to deliver constant improvements in construction industry best practice by leading the way in product research and innovation; employing and retaining the most respected experts in its field; delivering customer service, value and reliability; defining and driving quality in pipe manufacture and performance; and using leading edge technology to deliver whole life value and sustainability by providing systems engineered to perform.

Achievements...

In recent years, the move towards low energy, zero carbon homes and buildings has called for the adoption of new building technology, a call that Polypipe answered. We responded with our range of Carbon Efficient Solutions (CES) including energy efficient underfloor and ventilation systems aimed directly at the reduction of CO2 emissions from the built environment.

Each range is available in a wide selection of fitting types plus valves, connectors, brassware and accessories.

Find out more about Polypipe plumbing at
www.polypipe.com/building-products/plumbing-heating

Plumbing fitting solutions:

Fitting Solutions		Size (mm)				Pipe Colour		Demountable
		10	15	22	28	Grey	White	
	PolyPlumb	✓	✓	✓		✓		No
	PolyMax		✓	✓			✓	Tool
	PolyFit		✓	✓			✓	Hand

Polypipe recognises that no two jobs are the same and has developed an application-based range of plumbing solutions with three fittings ranges, backed by a range of pipe options.

PolyPlumb

Pg 155-162

Traditional push fit plumbing

Original robust, grey system, suitable for a range of applications

PolyFit

Pg 163-172

Quickfix push fit plumbing

Hand demountable, ideal for first fix applications

PolyMax

Pg 173-178

Streamline push fit plumbing

Slim and sleek, ideal for surface mounted applications

As a UK distributor for industry leading brands Oracstar are pleased to offer a range of Polypipe brands which compliment the Plumbing Essentials range.

Pg 179-182

Turn off water at the flick of a switch

Protecting property from the risk of water damage

Pg 183-186

Underfloor heating that goes over the floor

Whether you're building, renovating or redecorating, there's a Polypipe Underfloor Heating system made for your project.

Pg 187-191

Over 50 years presence in the UK market

The Silavent brand has a well deserved reputation for high quality and reliable intermittent extract fans and mechanical extraction appliances.

Pg 192-196

Market leading in domestic ducting

A complete range of ducting, inlets and outlets designed to help customers achieve the highest possible energy efficiency from ventilation appliances.

White Waste

Pg 199-206

Polypipe offers a comprehensive range of waste products incorporating all necessary systems required for the disposal and redistribution of waste water.

Pan Connectors

Pg 207-208

Polypipe Building Products is the UK's leading manufacturer of plastic piping and systems for the residential market.

MDPE

Pg 209-212

MDPE is suitable for all potable mains water applications. Easy to handle on-site, it offers secure compression fittings for quick installation, plus excellent flow rates and resistance to chemicals and abrasion. Use for supplying water into a house or outdoor plumbing for irrigation or ponds.

Rainwater

Pg 213-222

Polypipe offers a comprehensive range of Above Ground Drainage & Waste products incorporating all necessary systems required for the disposal and redistribution of waste water and rainwater.

Oracstar a Polypipe brand

UK leading pre-packed supplier of plumbing essentials

Oracstar is the UK's premier supplier of pre-packed plumbing through the "Plumbing Essentials" range.

DID YOU KNOW...

At the heart of the Polypipe Plumbing and Heating Systems product offer is our commitment to polybutylene pipe. The most important characteristic of polybutylene is its natural flexibility, allowing you to bend the pipe into even the tightest of spaces. Polybutylene is the most malleable plastic used in the manufacture of piping systems.

SURESTOP

Turn off water at the flick of a switch

The Surestop stopcock range allows you to turn off the mains water at the flick of a switch and protect properties from the risk of water damage. If the incoming mains is in a difficult to access position then you can install the Surestop Remote Stopcock, which allows you to locate the remote switch up to 2 metres away from the valve.

SURESTOP REMOTE STOPCOCK

**BEST
SELLER**

- WRAS Approved as a direct replacement for the brass stopcock.
- Remote Switch can be fitted up to 6 metres away.
- Available in 15mm and 22mm.

Code	Size	Pack Qty	Outer
SS/15/RPL	15mm	1	1
SS/22/RPL	22mm	1	1

DID YOU KNOW...

- No Electricity or batteries required – The Surestop is operated by water pressure
- Unaffected by lime scale
- WRAS approved as a stopcock – You can now replace your brass stopcock with a Surestop

SURESTOP

Fax: 01302 348835

Email: oracstar.edi@polypipe.com

SURESTOP

Protecting property from the risk of water damage...

Surestop simply replaces your existing stop tap. Where pipework is easily accessible then you can install the Surestop Stopcock.

SURESTOP STOPCOCK

- WRAS Approved as a direct replacement for the brass stopcock.
- Available in 15mm and 22mm.
- Pushfit connections to make installations easy.

Oracstar a © Polypipe brand

UNDERFLOOR CENTRAL HEATING - OVERLAY

Underfloor heating that goes over the floor

Polypipe Overlay™ is an innovative and unique low profile floor heating system. Ideal for both renovation and new build projects, the system is installed over existing floors.

OVERLAY ROOM PACK

 **Polypipe**
UnderFloor Heating

Code	Size	Pack Qty	Outer
O5B	5m2	1	1
O12Z	12m2	1	1
O20Z	20m2	1	1
O30Z	30m2	1	1

WHY USE OVERLAY™

At only 18mm in depth, Overlay™ allows underfloor heating to be installed in projects where traditional underfloor systems would either require expensive excavation or where the existing floor would need to be raised to an unacceptable level. Overlay™ is ideal for heavy weight floor coverings like ceramics, or where the floor covering needs to be secured directly to the panel, such as solid wood.

For more information visit
www.polypipeufh.com

UNDERFLOOR CENTRAL HEATING - OVERLAY

UNDERFLOOR CENTRAL HEATING - OVERLAY LITE

Overlay™ Lite

For lightweight floor coverings such as laminate, engineered wood or carpet, use Overlay™ Lite.

OVERLAY LITE ROOM PACK

 **Polypipe**
Underfloor Heating

Code	Size	Pack Qty	Outer
OL12Z	12m2	1	1
OL20Z	20m2	1	1
OL30Z	30m2	1	1

WHY USE OVERLAY™ LITE

Overlay™ Lite is easy to handle and cut, making it the ideal choice for larger areas and multiple rooms. This system delivers the same responsive heat but is configured to be more suitable for larger, 'whole house' projects. Ideal for use with laminate, carpet and vinyl.

GARDEN TAP KIT

All the components you need to fit an outdoor tap

The garden tap kit has all the components required to successfully install a garden tap. The kit includes a garden tap, self cutting tap, 1.25m hose, compression wall plate elbow, brass spigot, PTFE tape, hose clip, pipe clips, screws, wall plugs and washers.

GARDEN TAP KIT

TOP
SELLER

- Easy to follow guide
- Complies with Water Bylaws
- No need to turn off your water supply whilst installing

Code	Size	Pack Qty	Outer
GW08	15mm	1	5

TOP TIP...

Keep your garden tap insulated with an outdoor tap cover.

- Tap can still be used with the cover in its place.
- Easy to fit.
- Provides frost protection for outdoor taps.
- Suitable for most new and existing tap systems.

The outdoor tap cover can be found on page 224.

PROFESSIONAL GARDEN TAP KIT

Why use a professional garden tap kit?

Use a professional garden tap kit where a full flow rate is still required. By not utilising the self cutting tap you ensure your flow rate is not restricted.

PROFESSIONAL GARDEN TAP KIT

- High flow rate for use with pressure washers
- Easy DIY installation
- Includes internal shut off valve
- Double check valve included
- Meets water bylaws
- For use on 15mm water pipe

Code	Size	Pack Qty	Outer
GTKPRO	15mm	1	5

This Kit contains:

- 1 x Hand Tight Braided Flexible ½" Female x ½" Female x 365mm
- 1 x Outside Brass Garden Tap with ½" Hose Connector
- 1 x Brass Wall Plate with Copper Pipe 350mm x 15mm
- 1 x Brass Elbow 15mm x ½" Female
- 1 x Double Check Valve 15mm
- 1 x Isolating Tee Valve 15mm x15mm x ½" Male
- 1 x PTFE Tape, 3 x Screws and 3 x Wall Plugs

TAPLOCK

Affordable outdoor tap locking device

TapLock secures taps and hose bibs from miscellaneous vandalism, unauthorised use, tampering and water theft. TapLock will provide complete security and peace of mind and is ideal for domestic, commercial and industrial use.

TAPLOCK

- For use on standard water taps
- Weatherproof
- Prevents theft and unauthorised use
- Helps reduce water bills
- Helps conserve water
- High security magnetic lock

EQUIPMENT - HOW TO'S

How to...

How to leaflets explain how to complete the most common plumbing tasks found in the home. They explain the process step by step and advise the tools required before starting a job.

HOW TO LEAFLETS

- Informative leaflets explaining how to complete common plumbing problems in the home.
- Can be hung on the stand pegs or placed around the stand
- Choose from 4 common household problems.
- Double sided leaflet

Code	Size	Pack Qty	Outer
------	------	----------	-------

STOP A DRIPPING TAP

OPBHT01	(H) 210mm x (W) 100mm	50	1
---------	-----------------------	----	---

REPLACE YOUR TAPS

OPBHT02	(H) 210mm x (W) 100mm	50	1
---------	-----------------------	----	---

STOP OVERFLOWS IN YOUR LOFT TANK OR WC CISTERN

OPBHT03	(H) 210mm x (W) 100mm	50	1
---------	-----------------------	----	---

FIT A NEW WATER SUPPLY & DRAIN KIT

OPBHT04	(H) 210mm x (W) 100mm	50	1
---------	-----------------------	----	---

TOP TIP...

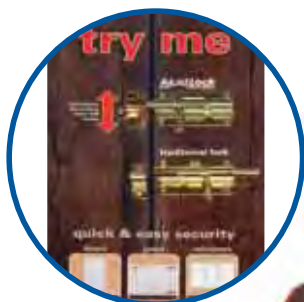

Place your how to leaflets next to the products that will be required to complete the task. More how to leaflets are coming soon for more information contact the sales office on 03448750043

AJUSTLOCK - QUARTER PALLET DISPLAY BOX

Why use a quarter pallet display box?

The quarter pallet display box not only holds the products it also promotes them with its eye catching point of sale and integrated demo board.

Try me
demo
board

QUARTER PALLET DISPLAY

- Holds 48 locks
- Interactive try me demo board intergrated into the display
- 22.5" x 14.5" x 41"

Code	Size	Pack Qty	Outer
AJUSDIS1	N/A	1	1

DID YOU KNOW...

Ajustlock's "Try me" packaging allows customers to try the ajustable bolt whilst in the packaging.

AJUSTLOCK - POWER WING DISPLAY

Why use a power wing display?

A power wing display is a lightweight and versatile display which is space efficient and easy to set up.

POWER WING DISPLAY

- Holds 40 locks

board

TOP TIP...

Ajustlock has left or right side installation and is ideal for doors, gates and windows.

MERCHANDISING

Why use a merchandiser?

Merchandisers are available to lay up equipment and products to ensure that you get the most effective visual display with ongoing support.

MERCHANDISING

- Our national merchandising team will create a display that is unique and really stands out from other providers.
- Merchandisers can be booked for a full day or half a day depending on your requirements.

Code	Size	Pack Qty	Outer
MER001	Half a day	1	1
MER002	Full day	1	1

DID YOU KNOW...

Our local merchandisers will ensure that stands are placed in the best available position to maximise sales.

Guarantee...

Polypipe guarantees for 25 years against defects in materials or manufacture of the PolyPlumb and PolyFit hot and cold water supply and heating systems from date purchased.

This guarantee only applies if the products are installed in accordance with the manufacturer's recommendations and are used in a normal domestic operation.

A normal domestic operation is defined as a residential property and excludes commercially run residential properties e.g. care homes and is also defined as being part of an open vented or sealed central heating system, direct or indirect single pipe hot water supply or mains or tank fed cold water supply system.

The system must be designed, installed and operated within the temperature and pressure ratings as defined in BS 7291 Class S which are also published in the manufacturer's literature and must also take account of all the other exclusions and limitations as defined in the design, application and installation guidance provided by the manufacturer.

Exclusions apply, please contact the manufacturer for further details. For Polypipes Contract of Sale, please refer to www.polypipe.com
