

Product Revision

The Terrain push-fit soil pipe, manufactured in 3 layers with a recycled intermediate layer, allowing up to 65% recycled content. Suitable for commercial, industrial, housing and public sector developments.

Code	Size (mm)	L (m)	T (min)
100P.4.30G	110	3	3.2
100P.4.40G	110	4	3.2
100P.6.30G	160	3	3.3
100P.6.40G	160	4	3.3

Features and benefits

- UK manufactured
- Can be used for push-fit or solvent welded systems
- Manufactured to BS EN1453-1
- Lightweight and easy to handle
- Durable and abrasion resistant
- Compatible with fittings manufactured to BS EN1329-1
- Low noise transmission

Up to 65% recycled material

82mm only available in monolayer
